Podere Bellosguardo Wines

Program Winter Season

Enotourism 2025/'26

Podere Bellosguardo, is a very old farm dating back to the 18th century. It is built in a typical rural Tuscan style and located in the Casentino valley between Florence and Arezzo, in the small village of Pratovecchio Stia. The cellars have been restored in part from the original ones, which form the foundation of this ancient farmhouse while the more recent cellars were originally used as stables for breeding the famous Chianina breed of cattle. Try the wine you like best, we will be happy to welcome you to our Podere! You will find a warm welcome, helpfulness, friendliness, but above all good wines paired with typical Casentino products! As every year, we organize a winter program. Tour and tasting programs are planned depending on the number of persons. Tasting will be organized in the ancient old cellars.

Podere Bellosguardo invites you to spend a day of nature, art and good wine.
